

- C1) My cool constraint A
- C2) My also cool constraint B
- C3) My non-referenceable constraint C

See how my Constraint C1 is better than
Constraint C2 but not as cool as Constraint C5.

- C4) We continue the list with D
- C5) And then add constraint E

- C1) This is a new list!
 - C1.1) And it has a sublist!
 - C1.2) With a constraint H

- C1) This is another list!
